

DEAN WINCHESTER QUOTES

- It's the ending where you grow old, you get sick and you just die.
- Driver picks the music, shotgun shuts his cakehole.
- Our family is not cursed. We just... had our dark spots.
- Well, I'll say it again. Demons I get. People are crazy.
- Oh god, we're not going to have to hug or anything, are we?
- Tell me, Bambi or Yogi ever hunt you back?
- I know what you're thinking Sam. Why did it have to be clowns?
- So you're saying we've got two super-famous, super annoyed ghosts killing their... super-fans?
- What the hell is wrong with you?! You don't just go around shooting people like that!
- Dad's on a hunting trip... and he hasn't been home in a few days.
- Dude. Nicole Kidman was in the remake. Redhead. Hello.
- I don't know, Sammy. Looks like Jody might not need our help anymore.
- And tell them what? That the... the dead guy we stole from the morgue is alive and having a coronary.
- Well hell, you know I'm in.
